

THE UNIVERSITY AT GAINESVILLE

Work on Same to be Commenced
Early in December.

BUILDINGS WILL BE PERMANENT

Board of Educational Control to Exercise Great Care in the Work—Everything Done Will be According to General Plan.

At the meeting of the Board of Educational Control for the State of Florida, in Jacksonville last week, it was announced that it would be some time before work would be commenced on the State University buildings in this city. That part of the plans, says The Times-Union, of the architects as to permanency of all buildings erected, is to be followed out to the letter, and while the board may make changes to suit their desires they will insist that whatever is done be made to meet the requirements of the general plan as outlined by Messrs. Edwards & Walter.

Messrs. Yonge and Brown stated yesterday that they believed that it would be sometime in December before they would be ready to begin work. First will come the consideration of details. Next there will be the contracts to be awarded and the bonds to be given and approved. They believe that if they can begin work in December they will be doing their best. In referring to this matter Mr. Yonge said:

"We are fully aware of the importance of beginning the work at once, but we are also constrained to exercise a great deal of care in any action that we may take. This is a big project which we have on hand and we are desirous of giving it the most earnest consideration from every point of view. We have the utmost confidence in the integrity as well as the ability and interest of the architects whom we have selected, and will be governed largely by what they may have to suggest in the matter of beginning work."

There is a great deal yet to accomplish before work can be actively commenced. The members of the Board of Control, as well as the selected architects, have taken into consideration the amount of funds on hand and have determined to do the best they can by following out a scheme where all buildings to be erected are to be built with a view to permanency.

All connected with the plan are pleased with the general lay of the land where the University buildings are to be erected. They state that it is an ideal site. Especially are the architects pleased with the location for the University and state that so far as the general topography is concerned there could have been selected no better site in the State.

Work on the plans and specifications is to be conducted with the greatest care and with a view of having everything ready as soon as possible, so far as concerns the buildings to be erected at once.

HIGH SPRINGS.

Cotton Sales Are Lively—Other Business is Booming.

High Springs, Oct. 9.—The Atlantic Coast Line Railway Company is putting in a great many substantial improvements in the shops here, such as new and heavier capacity boilers, and heavier rails in the seventeen miles of side-tracks in the yards. Every indication points that the company is getting everything in readiness for the great rush on the West Coast this winter. The transferred freight of this place is growing immensely.

Rev. G. E. Thompson, the local Presbyterian divine, will begin a series of meetings at his church here Sunday. A great religious awakening of that faith and order is anticipated.

Mrs. Epple, an heir to the Levy estate in this place, is in the city from her home in Milledgeville, Ga. Her business here is to look up the estate and pay same out of insolvency. She is a lady of mellowness, and it affords anybody a pleasure to transact business with her. She is also quite shrewd under circumstances where finances are involved.

Four 400-power electric lights have just been added to the interior of the Methodist church, which does not yet compare favorably with the brilliancy of its pastor, Rev. M. H. Outland, but many thanks are due Sam Phifer, the projector of the new lights.

V. V. Lanier, proprietor of the High Springs Telephone Exchange, was a visitor to this city Tuesday. Mr. Lanier's home is in Madison, but "central" was a little out of "whack" and needed attention, hence his visit. It is rumored that his telephone line from Electric, Wade and Newberry will "tap" in this system shortly, which will prove of great commercial value to High Springs.

When it comes to buying cotton and paying high prices for it, High Springs is in the lead.

All of our hotels are doing a fine business.

Mrs. Geo. G. Cass and Mrs. S. B. Hollis have an obstinate spell of fever.

Cures Winter Cough.

J. E. Gover, 101 North Main street, Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and \$1. Sold by W. M. Johnson.

Death of Mrs. Flagg.

The death of Mrs. George Flagg, daughter of Mr. and Mrs. E. Renault, occurred at Waldo Saturday night at 10 o'clock, after a brief illness. The death was particularly sad, since the lady, who has been residing with her husband in the West, came on a visit to her parents and friends. The funeral was held Sunday afternoon, Rev. Mr. White officiating. Friends extend sympathy to the bereaved relatives.

Don't be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Jerry Carter's Troubles.

Jerry Carter, who was arrested Saturday night for dispensing ardent spirits contrary to the laws of Alachua county and the city of Gainesville, appeared before the bar of justice in the mayor's court yesterday morning, and after hearing the facts in the case as they were laid before his honor, was assessed \$25 and costs or thirty days in jail. After giving security for the payment of the fine and costs within sixty days, he was allowed to depart, but not in peace, for he was taken before Justice Colman and there bound over to the grand jury for the same offense against the peace and order of the county of Alachua. Jerry gave bond for his appearance.
